

Retire the uncertainty with American Pathway Deferred Income Annuity

Tax-qualified contracts such as IRAs, 401(k)s, etc., are tax deferred regardless of whether or not they are funded with an annuity. If you are considering funding a tax-qualified retirement plan with an annuity, you should know that an annuity does not provide any additional tax-deferred treatment of earnings beyond the treatment by the tax-qualified retirement plan itself. However, annuities do provide other features and benefits such as income options.
