This section not applicable for CWL.

Conditional Receipt

(Applies to United Express Products and all Companion Products)

- A check or electronic transaction authorization for the full initial modal premium must be submitted with the application
(**Note:** initial draft via the client's bank account is available only for monthly mode)

No Conditional Coverage is provided:

If a completed Conditional Receipt is not submitted with the application.

A Receipt is furnished in connection with an application for insurance on the proposed insured(s) bearing the same date as the Receipt. Insurance under the Receipt will become effective on the Effective Date defined below, but only if **all** conditions below have been completely met:

- (1) The amount received via check, credit card, or Bank Service Plan (BSP) with the application is sufficient to pay: (a) the first premium of a fixed premium plan at the mode applied for; or (b) the first planned periodic premium on a flexible premium plan; and
- (2) All required medical examinations must be completed within 60 days from the date of the application; and
- (3) Each person proposed for insurance is, as of the application date, eligible for the exact policy applied for, according to our underwriting standards of United/Companion then in effect, without modification of the plan, premium rate, benefits, class and amounts of coverage applied for; and

- (4) To the best knowledge and belief of those signing the application, all the statements and answers in the application are true and complete when made; and
- (5) All parts of the application, and if required, exams, supplements to the application, questionnaires and amendments to the application, are completed and received by the home office.

The amount of conditional insurance coverage provided under this Receipt, if any, shall not exceed \$100,000* and shall also not exceed the death benefit applied for. If the application is not approved and accepted within 60 days of the Effective Date of this Receipt, conditional insurance coverage will cease. In that case, our liability will be limited to the return of the premium paid. We have the right to terminate conditional insurance coverage at any time prior to the expiration of 60 days of the Effective Date of this Receipt by mailing a refund of the premium paid.

*\$500,000 in New York for fully underwritten \$40,000 for Living Promise

(This Section does not apply to CWL)

Temporary Life Insurance Agreement (TIA)

(Applies to United Term & UL Fully Underwritten Products)

TIA Eligibility Requirements:

- A check, credit card, or Bank Service Plan (BSP) authorization for the full initial modal premium must be submitted with the application
(**Note:** initial draft via the client's bank account is available only for monthly premium mode)
- All 6 TIA eligibility questions must be answered "no." If an eligibility question is answered "yes," do not collect a check from the client. The TIA does not need to be submitted, but the electronic transaction authorization may still be submitted
- Maximum Face Amount eligible for coverage is \$1,000,000. TIA's are not allowed on any face amount over \$1,000,000*

*Maximum Benefit Amount is \$1,000,000

No Temporary Insurance is provided:

- If a completed TIA is not submitted with the application
- If a TIA eligibility question is answered "yes"

Temporary life insurance and any coverage provided hereunder will **END** on the earliest of the following dates:

- (1) 90 days from the date of this Agreement; or
- (2) the date we deliver the policy applied for to the applicant/owner and all delivery requirements have been completed; or
- (3) the date we mail you a letter notifying you that we: (a) are unable to approve the requested coverage at a standard risk class; or (b) have declined to issue you a policy; or (c) will not provide temporary insurance coverage; or
- (4) the date the applicant/owner withdraws the application for insurance.

– If the policy applied for is either

- (a) pursuant to a conversion privilege in (an) existing United life policy(ies), or
- (b) to replace (an) existing United life policy(ies) with another United life policy, then in the event of the death of the Proposed Insured before the termination of this Agreement, United will pay only the greater of:
 - (1) the benefits due under the terms of the existing policy(ies) which is/ are being converted or replaced, or
 - (2) the benefits due under the terms of this Agreement. The Applicant acknowledges and agrees that benefits shall not be payable under both, C.(1) and C.(2) above.

The temporary life insurance provided by this Agreement is subject to the provisions of the policy form applied for; however, no benefits will be paid for:

- (1) disability; or
- (2) death from suicide while sane or insane (in Missouri, only if suicide was intended at the time of this application and we can prove it was intended); or
- (3) the same loss under both this Agreement and any life policy issued from the application.

Testing of Proposed Insured

Telephone Interview

Your client may be contacted for a confidential telephone interview to complete the application process. This call should last approximately 30 minutes. It is important to note that the telephone dialogue between your client and the phone representative will be tape recorded and relied upon as part of our risk analysis. As a result, it's important that your client be prepared to answer questions as accurately as possible.

Paramedical Appointment

A paramedical exam may be required depending on the face amount applied for and the age of your client. There is no cost to the client for this examination and it can take place in their home or place of employment. The Exam includes:

- Height and Weight
- Blood Pressure and Pulse
- Urine and blood samples may also be needed
- Depending on the client's age and amount of life insurance applied for, an electrocardiogram (EKG) may be required.

Prior to the Paramedical Appointment have your Client:

- Get a good night's sleep
- Avoid drinking alcoholic beverages for at least 8 hours
- Do not smoke or drink coffee for a least 1 hour before the appointment
- Drink a glass of water 2 hours prior
- Try not to eat any food 2 hours prior. If at all possible, fast for 12 hours
- Advise the paramedic of any medication(s) being taken
- Skip heavy exercise on the day of exam
- Wear comfortable, loose fitting clothes

Attending Physician's Statement

The Attending Physician's Statement (APS) is a vital source of information on which to base underwriting decisions. You have the option to order APS's for your clients, we just ask that you notify us the APS has been ordered when you submit the application. If an APS has not been ordered, an underwriter will order the APS for you. If you do not notify us with the application that you have ordered the APS and we order a duplicate order, we will not reimburse you the cost. In addition, if Mutual of Omaha has ordered the APS, please do not send a duplicate request to the doctor or hospital as it will delay the process.

If you choose to order the APS on your client instead of Mutual of Omaha, we will reimburse you the usual and customary cost of the APS provided we have received the application to correspond with the APS order. If you order the APS and have submitted the application to multiple carriers, we ask that you only send in for reimbursement if you place the case with Mutual of Omaha.

APS Guidelines

1. An APS should be ordered for cause in all cases with significant medical history such as Cancer, CAD, Diabetes, other potentially rateable or uninsurable impairments or major medical testing as outlined below. The APS Age and Amount criteria is shown in our Underwriting Requirements chart on pages 22-23.
2. The following exceptions can generally be made to the age and amount criteria if an exam was done as part of a:
 - (a) Work Physical
 - (b) Routine GYN Exam
 - (c) Aviation Exam
 - (d) DOT Exam, etc.
 - (e) Eye Exam
3. If an APS is not available on someone over age 65, the application file will be reviewed on a case by case basis and coverage may be limited or unavailable.
4. An APS may not be needed for a health history of treated hypertension or treated cholesterol if the insured:
 - Qualifies for a Preferred Plus through Standard risk class
 - Is age 65 and under
 - Has a face amount \$2,000,000 or less
 - The amount in force and applied for does not exceed \$2,000,000

Some of the more common impairments that always require an APS are listed below:

Abnormal heart rhythm
Alcohol or Drug treatment history
Amyotrophic Lateral Sclerosis (ALS, Lou Gehrig's Disease)
Bipolar, schizophrenia, major depression
Cardiomyopathy
Cerebral Palsy
Congestive heart failure (CHF)
Crohn's disease/Ulcerative Colitis
Coronary disease including heart attack or heart surgery
COPD including Chronic Bronchitis or Emphysema
Cystic Fibrosis
Cancer
Collagen Vascular disease including Lupus
Diabetes
Heart valve disease or surgery
Hepatitis B or C
Hodgkin's or Non Hodgkin's Lymphoma
Liver disease including Cirrhosis
Mental Incapacity
Neurological disorders including Muscular Dystrophy, Multiple Sclerosis and Parkinson's disease
Paralysis
Organ transplants
Peripheral vascular disease (PVD or PAD)
Polycystic kidney disease
Renal Insufficiency/failure
Rheumatoid disorders including rheumatoid arthritis
Seizure disorders
Sleep Apnea
Stroke or mini stroke (TIA)
Suicide attempt

Note: This is a guide and not an all-inclusive list. The specifics of an individual case may warrant an APS to determine the appropriate risk classification.

Inspection Reports

Inspection reports are required for face amounts of \$5,000,001 and above for ages 18 and above.

Motor Vehicle Records

Motor vehicle records are required as shown below:

| Ages | Face Amounts |
|-------------|----------------------|
| 18-45 | \$100,000 and over |
| 46-70 | \$1,000,001 and over |
| 71 and Over | \$500,000 and over |

Financial Underwriting Guidelines

Income Replacement

| Ages | \$25,000 or higher annual earned income |
|----------|---|
| 20 to 40 | 25X |
| 41 to 50 | 20X |
| 51 to 55 | 15X |
| 56 to 65 | 10X |
| 66 up | 7X* |

Larger amounts may be considered on an individual case basis for special needs situations with supporting documentation of financial need. A spouse working full or part time to supplement their household income can qualify for a similar amount as a non-working spouse depending on the circumstances.

*Income replacement is generally not considered for those over age 66 unless an individual is actively at work.

Estate Conservation

The personal net worth of an individual or family is used as the basis for a calculation of an approximate estate tax liability and related expenses. Generally the net worth can be expected to increase over a period of years, so it is common practice to project that growth over a period of years at a selected rate of interest. A growth rate of 6 percent is most commonly recommended although different rates can occasionally be used if appropriate. At older ages or impaired risks, a lower rate is usually used. The appropriate amount of coverage is typically 50 percent of the projected estate.

| Ages | Years |
|----------|--------------------------------|
| Up to 55 | 20 |
| 56-70 | 15 |
| 71 Up | Up to 50% of the Estate Value* |

***Standard or better risk classes. Requests in excess of 50 percent will be considered individually on a case by case basis in view of changes in the tax code 1-1-11 which now provides exemptions exceeding \$5,000,000 at this time.**

Non-Working Spouse

Will generally consider for an amount equal to the amount in force and applied for on the breadwinner depending on the circumstances of the case up to a maximum of \$1,000,000 unless there is also an estate tax need. Additional insurance can be considered with cover memo or other documentation outlining any special needs.

Business Insurance

A business insurance questionnaire (BIQ) should be submitted on all business cases, and a well constructed cover letter explaining the purpose of coverage and how the face amount was determined is very helpful. Copies of company financial statements and buy/sell agreements may be necessary to help value a business to determine the appropriate amounts of coverage on each owner for business continuation cases.

Key Person

Generally 5-10X earned income plus bonuses if paid regularly as part of a company bonus plan. If key person has an ownership interest in the company, the appropriate percentage of company net income can be added to his income. Some states such as New York have specific requirements to qualify as a key person.

Creditor Insurance

Generally up to a maximum of 75 percent of a secured loan unless agreement has a loan provision calling the loan due upon the death of owner/key person.

Buy/Sell

Coverage should usually be applied for or in force on all major active partners. A business insurance questionnaire should be fully completed in all cases unless a detailed cover letter and company financial statements are submitted with the application. Each partner's ownership percentage should be included and coverage should be proportional to the ownership interest.

Company financial statements and copies of a buy/sell agreement are sometimes necessary to help establish a reasonable market valuation for the company and may be ordered at the underwriter's discretion.

Charitable Giving

Life insurance is purchased in favor of a charity or an institution to replace the potential value of future contributions by the donor or purely as a gift. Most situations are reasonable and financially acceptable, but the insurable risk of loss to the institution should be closely related to the potential loss suffered by the charity and the donor's personal insurance needs should be already taken care of.

In order to establish insurable interest the underwriter will request evidence of a past and present affiliation with the institution showing an established pattern of giving or a pledge of future donations which may be outlined in a letter of agreement between the donor and the charity. Our preference is that the insured is the owner of the contract unless it's a part of a tax advantaged planning situation and face amounts should normally be limited to around 10 times the annual contribution.

If the policy is to be owned by the foundation or charity, letter of agreement between the institution and the applicant must be provided outlining the terms of the arrangement and the tax status of the charity or foundation. We will not participate in any arrangements where the source of the premium is a third party with no real ties to the insured or owner.

Fully Underwritten Guidelines for Juvenile Life Insurance

(Not available in Washington)

For life insurance purposes, applicants are considered to be juveniles between the ages of 15 days and 17 years old.

Life Insurance Face Amounts

- Generally, the maximum Face Amount is \$100,000. The Face Amount should not exceed 50 percent of the coverage carried on the parent with the least amount of life insurance in-force. Any amount exceeding 50 percent of the lesser insured parent must include a cover letter with an explanation of the need for Underwriting consideration of the higher amount.

Ownership/Beneficiary

- Owner and Beneficiary must be parent or grandparent. Other relatives and friends are considered to have no insurable interest. If a grandparent applies as owner and the child does not reside in the same household as the grandparent, a parent must sign the application on the “signature of parent” line authorizing the purchase and attesting to answers to the application questions.
- A legal guardian can be considered as owner and/or beneficiary. Details should be provided in a cover letter along with copies of guardianship documentation.

Household life insurance coverage

- All children should be equally insured, include a cover memo advising coverage amount on all family members
- The parent(s) must be insured

Risk class

- The Proposed Insured must be a Standard Risk (No Impaired Risk)

Face amounts greater than \$100,000

While we do not normally offer coverage over \$100,000 to juveniles, we will consider if the following criteria are met in addition to the above guidelines:

- APS is required in ALL cases
- A Cover Letter explaining the rationale of the need for \$100,000 or higher face amounts
- Maximum Face Amount \$250,000

Underwriting Limits on Juvenile Life Applications written in New York

1. Minors between age 4 years 6 months and 14 years 6 months.
Where the applicant provides support, coverage is limited to the greater of \$50,000 or $\frac{1}{2}$ (50 percent) of the amount carried by the applicant including in force coverage on the minor.
2. Minors less than age 4 years 6 months.
Where the applicant provides support, coverage is limited to the greater of \$50,000 or $\frac{1}{4}$ (25 percent) of the amount carried by the Applicant including the in force coverage on the minor.
3. If the applicant does not provide support for the minor less than age 14 years 6 months, the \$100,000 guidelines would apply.

Note: Coverage applied for in excess of \$100,000 will require an APS.

Fit Guidelines

- Term Life Answers
- AccumUL Plus
- AccumUL Answers
- Income Advantage (IUL)
- GUL
- GUL Plus
- GUL Survivor

Here's where the program fits:

- Ages: 18-75
- Minimum face amount: \$100,000
- Maximum face amount: \$5,000,000* (total coverage in force and applied for with United of Omaha and Companion Life Insurance Company)
*(Maximum face amount \$10,000,000 GUL Survivor)
- Nontobacco users
- Base rating *after* normal credits of table 4 or less
- Does not apply to “flat extra” ratings or those with current rateable substance abuse histories, CAD prior to age 50, stroke or rateable cancers or Type 1 diabetes

Here's where the credit ratings fit in

If your clients have several of the following characteristics, they may qualify for up to *an additional two table credit* from the base rating on both fully underwritten term and permanent insurance.**

Note: No more than two lifestyle characteristics can be applied toward credits

Medical

- Great family history – no deaths of parents or siblings from any disease prior to age 70
- Cholesterol/HDL ratio <5.0
- Alc test <5.7
- Serum albumin >4.2 ages 61-75
- Negative cardiac testing: GXT, non-imaged or imaged (stress echo, perfusion study), echocardiogram, EBCT or angiography within the past two years
- GXT exercise performance >10 METS within the past two years
- Optimal blood pressure control-treated or untreated average of 135/85 or better
- Preferred or better build, ages 18-60, Standard Plus or better build, age 61-75
- BNP <100 ages 61-75
- Normal CBC ages 61-75

Lifestyle

- Regular preventative medical care and compliant follow-up for treated impairments within the past 12 months
- No Tobacco in past 10 years
- Income >\$100,000, or net worth >\$1,000,000
- Preferred or better driving record

Three of the above characteristics equals 1 table credit.

Five of the above characteristics equals 2 table credits.

**Best case final assessment available is Standard. (Table 3 (C) can only be reduced to Table 1 (A) rather than Standard.)

Non-Smoker/Non-Nicotine Qualifications

In order to qualify for non-nicotine rates, the proposed insured must not have used tobacco or nicotine products in any form (gum, patches, cigar, etc.) within one year prior to the application. We allow up to 24 cigars per year to qualify for nontobacco rates with a negative urinalysis test. The best class for tobacco usage is Preferred Tobacco.

Statement of Policyowner Intent

Required for all applications where the proposed insured for life insurance is age 65 and above and the proposed face amount is \$1,000,000 and above.

United of Omaha Life Insurance Company/Companion Life Insurance Company does not issue insurance policies unsupported by an insurable interest, including any policies involved or contemplated to be involved in stranger originated life insurance (STOLI) transactions. **STOLI is the practice or plan to initiate a life insurance policy for the benefit of a third party, who at the time of the policy origination, has no insurable interest in the insured.**

We require that the Statement of Policyowner Intent form be completed on all cases that meet these requirements. If any of the questions on this form are answered “Yes,” provide an explanation in the space provided on the form.

Premium Funding and Acknowledgement

We will screen for and reject any stranger originated life insurance (STOLI) policies, or policies using non-recourse premium financing. We will consider policies funded by traditional premium financing programs:

- The loan must be 100% collateralized by personal or business assets of the borrower
- If the life insurance policy is part of the collateral, only the cash surrender value of the policy may be considered
- We must be provided with full details regarding all aspects of the premium financing program
- We reserve the right to refuse to issue the policy, based on our assessment of the premium financing structure.

Reinsurance

Mutual of Omaha has very good relationships with the reinsurers and will work very hard to place your larger cases. Send us your large cases and we will work with the reinsurer to get your cases placed. However, we do require a signed application and it must be received in our home office before we can assess the case.

Trials/Inquiries

Trial Applications

To participate in the Trial program, your office must have a minimum of \$100,000 in annualized new business premium to qualify.

| ANBP | Trials per month |
|-----------------------|------------------|
| \$100,0001-\$250,000 | 5 |
| \$250,001-\$500,000 | 10 |
| \$500,001-\$1,000,000 | 15 |
| \$1,000,001 and up | Unlimited |

Note: We will adjust your number of trials as you reach a new level of premium throughout the year

- Face Amounts: \$1,000,000 and above for Universal Life or a minimum premium of \$25,000. \$2,000,000 or above for Term Life or a minimum premium of \$10,000
- Other qualifying criteria:
No previous decline within the last 12 months.
Maximum age is 85 for UL.
For ages over 80 only standard offers will be considered.
SPIA and Life requests on the same client will not be considered.
- Information that **must** be included:
Applicant name, date of birth, product type and face amount applied for.
Brief description of any health issues.
Premium tolerance.
Rating you are looking for.
- Additional financial information to **expedite processing**:
Provide details on other in-force coverage that will be replaced.
Identify if this is a 1035 exchange
Include competitor offers.

Trial applications should be submitted with all paperwork necessary to receive our best tentative offer. Additional information submitted on trial applications will not be reviewed. If a formal application is submitted additional information will be reviewed at that time.

Quick Quote Parameters

Cases outside the following parameters may be submitted as a trial if they meet trial parameters:

- Face Amounts: **Through \$5,000,000**
- Age Limitations: **Through age 75**
- Do not send any attachments
- Limit information to 2 paragraphs (12 to 20 lines of information)

To expedite quick processing

- **Do not include identifying information** (i.e., name, Social Security number, etc.)
- Use **Preferred Criteria Chart** and Build Chart for potential coverage rate
- Quick Quote is not recommended for clients who experience onset of coronary artery disease in their 30s

Term Conversion Guidelines

Products Available for Term Conversions:

- Clients can convert to available permanent life insurance products offered at time of conversion within face amount, issue age, and risk class guidelines for the permanent product. Exceptions are noted below:
- Certain permanent products are not available for term conversions: Children’s Whole Life, GUL Survivor

If a Term policy is eligible for conversion, it will be converted into a new policy at the insured’s current attained age.

- We are unable to convert term coverage into an existing Universal Life policy

| Term Life Answers (Fully Underwritten) | |
|--|---------------------|
| Product | Minimum Face Amount |
| GUL/GUL Plus/Income Advantage (IUL) | \$100,000* |
| GUL Express | \$25,000 |
| AccumUL Plus/AccumUL Answers | \$25,000 |
| Whole Life Express | \$5,000 |
| Living Promise | \$2,000 |
| Term Life Express (Simplified Issue) Note: Simplified Issue Term products(Term Life Express) cannot be converted into a fully underwritten permanent product. | |
| Product | Minimum Face Amount |
| GUL Express | \$25,000 |
| Whole Life Express | \$5,000 |
| Living Promise | \$2,000 |

*\$50,000 for ages 66+ on GUL and GUL Plus

Product limitations for substandard policies:

- GUL Express is not available for a substandard Term Conversion. Term conversions with a rate up must be converted to a UL product which allows for a rate up (AccumUL Plus, AccumUL Answers, GUL/GULP), Income Advantage (IUL)
- Whole Life Express will be available for a substandard Term Conversion below \$25,000. All substandard Term Conversions into a Whole Life Express will carry the same rate up percentage

Riders:

- Riders on the conversion policy must have already existed on the Term policy; we cannot add new riders at time of conversion
- The Disability Waiver of Premium rider is not guaranteed convertible. To convert this rider we will require a signed statement from client indicating client is not currently disabled and is currently performing the normal duties of his/her occupation
- Accidental Death Benefit and Children's Riders are guaranteed convertible if the rider is available on the new permanent product
- Other Insured Rider can be converted into a separate permanent policy at insured's current attained age
- Term Life Answers Other Insured Rider guidelines if Primary insured converts base coverage: 1) The Other Insured Rider can be converted into a separate permanent policy if other insured also meets conversion eligibility requirements, or 2) Other Insured Rider can continue as a term policy under a new policy number at original issue age at same rider premium plus policy fee

Workflow

All applications and required forms should be submitted to Mutual of Omaha home office in Blair, NE. All applications received and in process of underwriting will be reported on your pending status report found on Sales Professional Access.
