Pacific Accelerated Life+ (PAL+)

One Seamless Process. Three Possible Pathways.

PAL+, Pacific Life’s streamlined underwriting process with three possible pathways—accelerated, modified, and traditional—that allows your clients’ applications to be routed through the least invasive underwriting method possible.

For example, if your clients are first considered for accelerated and they do not qualify, they’re automatically considered for modified in which an attending physician statement (APS) is ordered, with evidence of a physical exam and lab work within the past 12 months. If your clients don’t qualify for the modified underwriting pathway, they’re automatically moved to traditional underwriting.

Accelerated	Modified	Traditional
No medical exam ¹ No APS	Physical with labs (completed by a medical provider) required within the past 12 months	We will notify you of any additional requirements as we process your application.
Ages 18–60 Up to \$3M single life or PL Promise Term ² coverage	Ages 18–70 <ul style="list-style-type: none"> Up to \$3M PL Promise Term Up to \$2M PL Promise GUL³ Up to \$65M All other products 	All ages All face amounts
Standard or better risk class	All risk classes All application methods Online or phone health history eligibility subject to product type	All risk classes All application methods

¹The issuance of the policy may depend upon the answers to the health questions contained in the application.

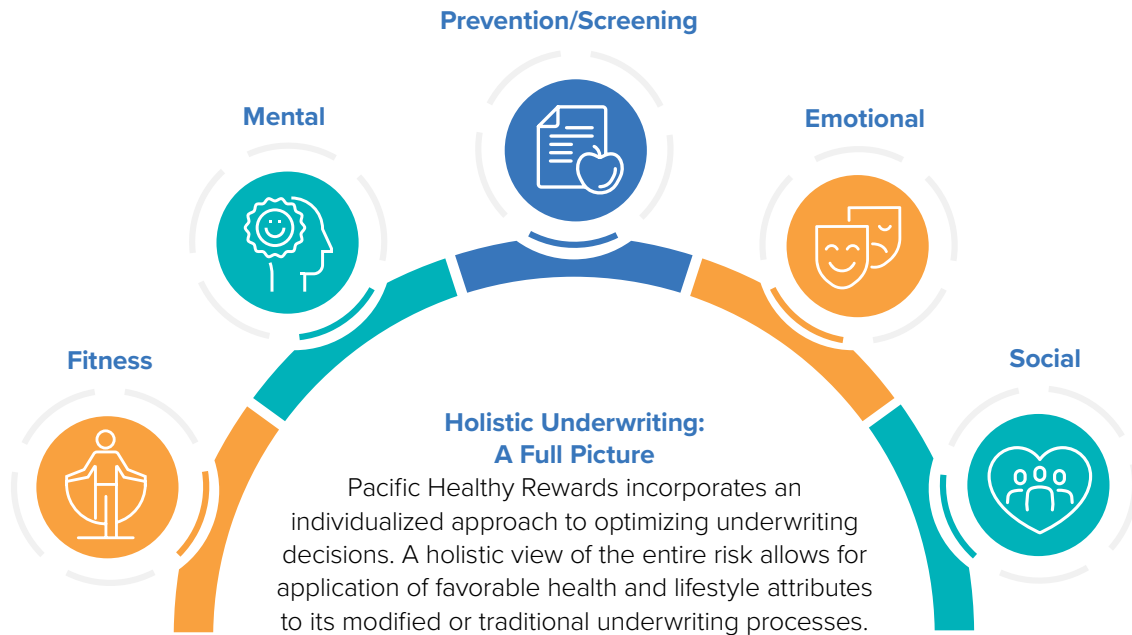

²PL Promise Term level premium term life insurance (Form series P16LYT and S16LYT10, S16LYT15, S16LYT20, S16LYT25, or S16LYT30, varies based on level premium period chosen and state of policy issue).

³PL Promise GUL no-lapse guarantee universal life insurance (Form series P18PRUL, S18PRUL, varies based on state of policy issue).

Uninsurable Conditions/Conditions by Timeline

Your importance in the underwriting process cannot be overstated. Helping identify acceptable risks and qualified applicants will enhance the speed and quality of your clients' underwriting experience. A fully completed and accurate application helps keep the underwriting process as short as possible.

What to Look for

- Proposed insureds should not be taking medications for conditions that are uninsurable.
- The proposed insured cannot have an uninsurable condition.
- Certain conditions will not be considered if they are within an unacceptable period of time.

Applications for your clients with any of the following conditions should not be submitted.

Issue	Timeline
Abdominal aortic aneurysm corrected surgically	Within past 6 months
Alcoholism, alcohol use disorder, alcohol dependence or alcohol addiction (detoxification and/or inpatient alcohol program)	Within past 2 years or history of treatment and currently using or used within last year
Alzheimer's disease/dementia	At any time
Bankruptcy (personal), Chapter 7 and 11	Not discharged
Cancer treated with chemotherapy or radiation therapy	Within 12 months
Cirrhosis of the liver	At any time
DUI/DWI (more than one)	Varies by age, but most are uninsurable within 1-2 years
Heart attack	Within 6 months
Heart bypass surgery (CABG)	Within 3 months
Hospitalization	Within 6-12 months depending upon condition
Illegal drug use (other than marijuana)	Within 3 years
Kidney dialysis	Currently
Lung disorder, on oxygen	Currently
Organ transplant pending or received	At any time for all but kidney and corneal
Probation/parole	Currently serving or ended < 1 year ago
Pregnant with complications (i.e., gestational diabetes toxemia, eclampsia, pre-eclampsia)	Currently
Suicide attempt, one-time only	Within 1-2 year
Stroke (CVA)	Within 6 months
Valve replacement	Within 6 months

This list is not all inclusive, as other medical conditions and timelines could result in an additional underwriting charge or decline of coverage. If your client has a medical condition not listed here, please refer to the [Medical Risks](#) section for further information.

2 | IMPAIRMENT GUIDE (continued)

Medical Risks

To help provide a more transparent customer experience, it is suggested that you alert your clients to additional information that may be needed if a listed impairment applies to them.

Key Points to Keep in Mind

- The severity of medical conditions varies among individuals, and individuals may have multiple impairments.
- Underwriters also will review the functionality of applicants age 65 or older. This includes their cognition, mobility and exercise capacity, weight change and nutritional status, social connectivity, and degree of independent living.
- If medical testing has been advised but not yet completed, the case may be declined, with possible reconsideration after the test results are available. Underwriters' offers depend on the merits of each case and we reserve the right to include additional requirements for cause.

5 | FINANCIAL UNDERWRITING GUIDELINES

Financial underwriting is a key part of the underwriting process. For cases over \$3,000,000, Underwriting can go faster and more smoothly if you submit the case with a fully completed application, explanatory cover letter and documentation supporting the amount of insurance applied for. A cover letter should include:

- Reason for the life insurance
- How the amount applied for was determined
- Total amount of life insurance on the insured's life with all companies
- Pending life insurance application
- Life insurance to be replaced
- Reason for unusual or complex ownership and beneficiary designations

With your cover letter, please include the illustrations or quote and financial statements to help demonstrate the need for life insurance.

Use the following financial guidelines but remember, the following charts are intended as a guideline only and are subject to Underwriter financial review and assessment of each case.

You may use these guidelines to help your clients and to determine the information we need in order to evaluate the case.

5 | FINANCIAL UNDERWRITING GUIDELINES (continued)

Purpose	Parameters		
Asset Repositioning	<p>This section applies to individuals who have accrued money in both qualified (401k, IRA, etc.) and nonqualified (savings, certificates of deposit or CDs, etc.) accounts, and choose to convert those funds into life insurance products. To be considered, the applicant should have a minimum net worth of \$1 million. In addition, we'll review the applicant's ability to pay the premium using the affordability guidelines below. NOTE: If an insured otherwise qualifies under Estate Preservation or Income Replacement, this section does not apply.</p> <p>The following guidelines will be used when liquid assets are used to pay premiums:</p> <ul style="list-style-type: none"> ▪ Under Age 59½: Up to 40% of their liquid net worth. Qualified plans (401(k), 403(b), 457, IRA or Roth IRA) cannot be used as a funding source nor can they be used to factor into the client's liquid net worth. ▪ Ages 60–69: Up to 30% of their liquid net worth. Qualified plans may be considered in factoring into the client's net worth and as a funding source. ▪ Ages 70+: Up to 20% of their liquid net worth. Qualified plans may be considered in factoring into the client's net worth and as a funding source. 		
Charitable Coverage	<ul style="list-style-type: none"> ▪ The life insurance amount is based on the insured's established record of giving. ▪ Personal insurance needs should already be met. ▪ Use the amount of annual giving, 25x the pattern of historical annual giving, up to 50% of personal coverage. 		
Homemaker Spouse Coverage	<ul style="list-style-type: none"> ▪ An unemployed spouse may qualify for coverage using the Income Replacement factors above, using his/her age, up to the working spouse's coverage amount. ▪ Consideration is based on the couple's joint income and net worth, the insurance in place on the income-earning spouse, and the total life insurance on both. 		
Juvenile Coverage*	<table border="0" style="width: 100%;"> <tr> <td style="vertical-align: top; width: 50%;"> <ul style="list-style-type: none"> ▪ All siblings are similarly insured. ▪ The parent should have a minimum of two times (and preferably four times) the life insurance as that proposed on the child. ▪ Consideration is given to the purpose of coverage and the family's net worth. </td> <td style="vertical-align: top; width: 50%;"> <p>Example</p> <p>Your clients—a couple each with a \$1 million policy—may qualify for \$250,000 juvenile insurance for each of their children.</p> </td> </tr> </table>	<ul style="list-style-type: none"> ▪ All siblings are similarly insured. ▪ The parent should have a minimum of two times (and preferably four times) the life insurance as that proposed on the child. ▪ Consideration is given to the purpose of coverage and the family's net worth. 	<p>Example</p> <p>Your clients—a couple each with a \$1 million policy—may qualify for \$250,000 juvenile insurance for each of their children.</p>

Business Life Insurance

Purpose	Parameters
Key Person	<ul style="list-style-type: none"> Used to indemnify the company against the loss of an employee whose skills and contributions are critical to the firm. In most cases, use a factor of 5x–20x the individual’s annual regular and recurring income to determine the amount permitted. Age, level of managerial or technical experience, unique and special skills, and prior track record of success are considerations in determining the factor used.
Buy-Sell/Stock Redemption	<ul style="list-style-type: none"> It is expected that all owners of the business should be covered, commensurate with their ownership percentages. Establish the value of the business using the net income of the business over the past two to three years. Multiply it by a factor between five and ten (the viability of the business is used to determine the factor used). Then multiply by the percentage of the business owned by the individual.
Cannabis Industry	<ul style="list-style-type: none"> Pacific Life does not issue coverage in the cannabis/marijuana industry, either for business owners or employees.
Debt Repayment	<ul style="list-style-type: none"> The business usually owns the policy, and the death benefit is assigned to the lending institution. The sum of insurance for this purpose should not exceed 80% of the loan value.
Venture Capital	<p>When coverage is requested due to an infusion of capital into a business, the following guidelines apply:</p> <ul style="list-style-type: none"> If the policy will be owned by the business itself (not the investment company), general key person/buy-sell guidelines apply, with consideration given to the size of the investment and future expectations of growth for the business. If the policy will be owned by the investment company, it must have purchased a controlling stake in the business. Then, general key person/buy-sell guidelines will apply, with consideration given to the size of the investment and future expectations of growth of the business.

Important Payment Guidelines

- Pacific Life will make direct payments only to the medical requirement providers that are contracted with Pacific Life (refer to Approved Vendors list).
- Life insurance producers or firms choosing to use medical requirement vendors not included on the Approved Vendors list will do so pursuant to their own business arrangements and only the cost of the requirement will be reimbursed, excluding any procurement costs.
- Upon receipt of a request for reimbursement of fees associated with an APS from a non-preferred provider, Pacific Life will only reimburse APS expenses up to \$150. Please refer to the [FAQs](#).

FAQs

1. How do I order an Inspection or Motor Vehicle Report?

These requirements are ordered by Pacific Life upon receipt of the application. There is no action necessary by the firm or producer.

2. Will Pacific Life pay for medical requirement fulfillment services arranged by a firm or producer?

Yes, if the following two conditions are met:

- The requirements are ordered to meet Pacific Life underwriting guidelines, and
- The requirements have been received in connection with the underwriting of a formal Pacific Life life insurance application.

Note: Pacific Life will make direct payments only to the medical requirement fulfillment providers that are contracted with Pacific Life and included on the list of preferred providers. Review answer to Question 4 for additional details.

3. Will Pacific Life reimburse a producer or firm for APS fees?

As noted in Question 2, Pacific Life will pay for underwriting requirements that are required by us and have been received in connection with the underwriting of a formal Pacific Life life insurance application with the following exceptions:

- Producers of firms that choose to use a medical requirement fulfillment provider that is not one of Pacific Life's preferred providers will do so pursuant to their own business arrangements.
- Upon receipt of a request for reimbursement of APS fee associated with medical requirements arranged by a producer or firm from a non-preferred provider and proof of payment, Pacific Life will reimburse the producer or firm for such expenses up to a maximum of \$150.

4. Will Pacific Life accept a paramedical exam from a non-preferred provider?

Paramedical services performed by non-preferred providers are subject to approval from a Pacific Life underwriter. If approved, reimbursement of fees will be subject to rates and standards deemed acceptable to Pacific Life. In addition, the exam cannot be performed by the PCP.

5. How should a reimbursement request be submitted?

Submit your requests for reimbursements and include a copy of the invoice and proof of payment. Submit a completed W-9 form, if it is your first reimbursement request. You may submit your reimbursement requests via email to:

- APSReimbursements@PacificLife.com
- Reimbursement requests must be submitted no later than six months after requirement receipt or formal application submission.
- Most reimbursement requests are processed within 30 days from the time Pacific Life receives the request, formal application, and medical requirements. If you have additional questions, please contact APSReimbursements@PacificLife.com.

Pacific Life is a product provider. It is not a fiduciary and therefore does not give advice or make recommendations regarding insurance or investment products.

Pacific Life Insurance Company is licensed to issue insurance products in all states except New York. Product/material availability and features may vary by state.

Insurance products and their guarantees, including optional benefits and any crediting rates, are backed by the financial strength and claims-paying ability of the issuing insurance company. Look to the strength of the life insurance company with regard to such guarantees as these guarantees are not backed by the broker-dealer, insurance agency, or their affiliates from which products are purchased. Neither these entities nor their representatives make any representation or assurance regarding the claims-paying ability of the life insurance company.

Life insurance is subject to underwriting and approval of the application and will incur monthly policy charges.
